A wonderful way to remember someone special is giving a memorial gift or honorarium to Family Service of Greater Baton Rouge. These gifts provide funding for programs and services that support and strengthen the lives of families and individuals in our ten-parish area. All memorials and honorariums are tax deductible and are recognized in the agency's Annual Report.

THANK YOU for the gift recognizing your special loved one or friend. We promise to honor them through continuing our mission of strengthening and enhancing the lives of children, adolescents, and families through direct services and positive social actions.
